

Manatee Menagerie

Introduction *(Lettuce tell you about Manatee Menagerie)*

Following the successes of the Tampa Bay Tour of Turtles, BowWow Haus and Chairs for Chairity, the Outdoor Arts Foundation is proud to introduce Manatee Menagerie, the largest public display of artistically designed fiberglass Manatees ever seen.

“Manatee Menagerie” is based on five major principles:

- (1) To raise awareness about the plight of the West Indian Manatees found throughout Florida.
- (2) To promote the conscientious businesses who come on board to sponsor “Manatee Menagerie.”
- (3) To bring recognition to participating artists and the Tampa Bay art community.
- (4) To raise awareness about the Outdoor Arts Foundation and its efforts to beautify the Tampa Bay Area through creative artistic endeavors.
- (5) To introduce a fun-filled event for the whole community.

From 2005 - 2006, “Manatee Menagerie” will consist of approximately 50 uniquely decorated fiberglass Manatees displayed throughout the Tampa Bay Area.

Individual Manatees will be sponsored by local businesses and decorated by local artists. In mid-2006, all Manatees will be auctioned off with proceeds benefiting the Outdoor Arts Foundation (a portion of these proceeds will be distributed to various Manatee protection and rescue-based organizations).

The Manatees

The fiberglass Manatee's design will be based on the endangered West Indian Manatee. Manatees will be available in three poses:

*** Manatee display locations will be subject to applicable zoning laws and city or county ordinances.**

- (1) The standing Manatee will be approximately 6½ feet tall and 3 feet wide. The Manatee will weigh approximately 90 pounds and will be mounted on a 4 foot diameter circular fiberglass base. The Manatee can be placed either indoors or outdoors. Outdoor Manatees will be bolted to a concrete base that will be concealed under the circular fiberglass base.

(2) The swimming Manatee will be approximately 6½ feet long and 3 feet wide. The Manatee will weigh approximately 90 pounds and will be mounted on a 4 foot diameter circular fiberglass base. The Manatee can be placed either indoors or outdoors. Outdoor Manatees will be bolted to a concrete base that will be concealed under the circular fiberglass base.

(3) The hanging or wall-mount Manatee will be approximately 6½ feet long and 3 feet wide. The Manatee will weigh approximately 70 pounds and can be configured to hang from a ceiling, be bolted to a wall or mounted to the side of a building.

**** Sponsors will be responsible for the installation of hanging or wall-mount Manatees.**

Manatee Location Information

There are three options for choosing a display location for your Manatee:

- (1) The Manatee can be displayed at your place of business or at a business or venue affiliated with your organization.
- (2) We will have high-profile display venues for you to choose from (i.e. Malls, TIA, office buildings, etc.)
- (3) You can give us the choice to find a location that will not only help to promote your business, but also help to provide much needed exposure for the Outdoor Arts Foundation

If you have any questions regarding where you would like to display your Manatee, please contact Jay Goulde at (727) 723-8620.
